[FAQ.docx](#)

See attached EPA FAQ document for use in responding to questions from CAG members tonight. We can discuss any comments during our pre-meeting at the Drury.

Thanks Robyn. We are also revising the FAQs based on the discussion during Friday's call, plus additional input from EPA management. I will send out the revised version before I leave for St. Louis on Monday.

FYI - We are also working on a map of the air monitoring system as suggested.

Subject: Revised Risk Slides for CAG meeting (UNCLASSIFIED)

Classification: UNCLASSIFIED  
Caveats: NONE

All:

See attached revised risk slides for Monday's CAG. Revisions were made based upon a review by someone who wasn't involved in slide preparation to ensure that the messaging was clear.

Edits were made to the following:

Slide 16, third bullet added text at the end

Slide 17, graphic removed (was deemed as confusing by reviewers), language on slide revised

Slide 20, calculations were changed from +/- to + only (since that is what we were showing)

If we need to tweak the slides, we can do so before the presentation.

Thanks,  
Robyn
